Continuation of Substance of Interview including description of the general nature of what was discussed: After discussion with senior examiners and a SPE, the examiner told applicant's lawyer that claims 15-19 are allowable. Further, claim 1, and its dependent claims 2-14 are not allowable. However, applicant's lawyer was told in order to make claims 1-14 allowable, claim 1 needed to be amended to include how documents are authenticated due to indexing, because that is the novel, unobvious and useful part of the invention that has been claimed. The attorney responded by saying he will fax amended claim 1 by end of week to examiner, and if any other changes are necessary, another interview will be conducted.
